

5FSoftware GmbH develops an innovative, German digital platform for the networked working world. We see ourselves as pioneers of successful digital transformation. Our platform enables the emergence of dynamic ecosystems between enterprises and their external partners through easy-to-use, efficient and flexible collaboration solutions. With its own engine architecture and high-security cloud services, we are a solid foundation for exchanging sensitive information and documents among all participants.

We are expanding our team and looking for a **Front End Developer (m/f)** in full-time, location: **Regensburg**, Germany

Quality Requirements:

- ◇ Programming in Typescript and Angular 6
- ◇ Style development in SCSS
- ◇ Component development based on material design (material.angular.io)
- ◇ Application State Management with @ngrx / store
- ◇ Build System Angular CLI
- ◇ Version control with Git

Desirable:

- ◇ Knowledge of Docker
- ◇ Experience with asset delivery via CDNs
- ◇ Experience with JIRA, Confluence

Your Tasks:

- ◇ Dynamizing surfaces
- ◇ Close cooperation with the backend teams in designing the interfaces
- ◇ You open up new topics and technologies, deepen your acquired knowledge and actively participate in our team
- ◇ Further development of methods and procedures in software development
- ◇ You bring along experience with processes, tools and methods of modern software engineering

5FSoftware offers:

- ◇ An interesting and diversified task
- ◇ A highly motivated, down-to-earth and very friendly team
- ◇ Flat hierarchies and fast feedback
- ◇ Help with finding a flat
- ◇ Help with Visa/Blue Card Process
- ◇ coffee and tea flatrate

We are looking forward to receiving your application with your earliest possible start date, desired weekly maximum number of hours and previous experience (motivation, CV, certificates, etc,) and your salary expectations. Please send your detailed application as a PDF file by e-mail to Stephanie Bogendorfer: s.bogendoerfer@5fsoftware.de. If you have further questions don't hesitate to give us a call under +49 941 46109954.
